

Why should I take Immune Support?

Along with proper diet and exercise, and sufficient rest, Immune Support helps the body

- ♦ Restore correct function to your immune and digestive systems
- ♦ Strengthen your natural built in defense system
- ♦ Maintain a healthy balance of your immune and digestive systems

When your *immune system* is working properly it can :

- Defend your body against invasive attacks of microbes
- Shorten length of illness and infection and allow for faster healing
- Increase and enhance energy and vitality
- Improve the overall quality of your life

When your *digestive system* is working properly it can:

- Assimilate more of the nutrients from the foods you eat
- Aids in correct digestion, absorption and elimination
- Increase energy

- It assists with the digestive and detoxification processes
- Herbs of Hope gives vital nutrition to the organs and systems of individuals who are healing from many different diseases.

Dr. Donald G. Anderson, D.C.
Anderson Family Chiropractic, PC.

Think of **Immune Support** as your **DAILY** supplement. Our bodies are continually using important nutrients and are in need of replenishment. **Immune Support** is designed to be used by **everyone, everyday**. Whether you suffer from a chronic illness or you just want to add a nutritional supplement to your diet, **Immune Support** is the right choice. Even if you feel better after 1 month, we recommend that you continue to take **Immune Support** for a minimum of 3 months although it will be beneficial long after you feel better. For others the process may take much longer, depending on the severity of the condition and the length of time you have been suffering. It is important to note that some conditions will require persistence in the part of the person taking the **Immune Support**. **Immune Support** is a good overall support for your body. Below are just some of the symptoms and systems that can benefit from **Immune Support**:

- | | | |
|----------------------------|-----------------------------|-------------------------------|
| <i>Runny nose</i> | <i>Immune conditions</i> | <i>Pancreas support</i> |
| <i>Congestion</i> | <i>Flu</i> | <i>Intestinal support</i> |
| <i>Headache</i> | <i>Skin problems</i> | <i>Ulcers</i> |
| <i>Colon support</i> | <i>Chronic diseases</i> | <i>Colds</i> |
| <i>Detoxification</i> | <i>Overall ill health</i> | <i>Blood sugar imbalance</i> |
| <i>Fatigue</i> | <i>Malaise</i> | <i>Nausea</i> |
| <i>Constipation</i> | <i>Aches in joints</i> | <i>Allergies</i> |
| <i>Diarrhea</i> | <i>Digestive complaints</i> | <i>Chemical sensitivities</i> |
| <i>Sinus drainage</i> | <i>Liver support</i> | <i>Right shoulder pain</i> |
| <i>Right cervical pain</i> | <i>Inflammation</i> | <i>Gallbladder support</i> |
| <i>Right thoracic pain</i> | <i>Fevers</i> | |

THESE SUPPLEMENTS ARE NOT INTENDED FOR USE AS DRUGS, OR AS A MEANS TO CURE, TREAT, PREVENT, DIAGNOSE OR MITIGATE ANY DISEASE OR OTHER MEDICAL OR ABNORMAL CONDITION; BUT SIMPLY FOR NUTRITIONAL SUPPORT DURING THE HEALING PROCESS.

How do I take Immune Support?

The droppers are calibrated to 1ml which is equal to about 30 drops. Adult serving: Fill the dropper to the 1ml line twice in the morning and twice in the evening. The drops can be taken directly into the mouth or they may be taken in water or juice. Children take half the adult serving. Each bottle is formulated to last 1 month for adults and 2 months for children.
