

## Why should I take Immune Support?

Along with proper diet and exercise, and sufficient rest, Immune Support helps the body

- ♦ Restore correct function to your immune and digestive systems
- ♦ Strengthen your natural built in defense system
- ♦ Maintain a healthy balance of your immune and digestive systems

When your *immune system* is working properly it can :

- defend your body against invasive attacks of microbes
- Shorten length of illness and infection and allow for faster healing
- Increase and enhance energy and vitality
- Improve the overall quality of your life

When your *digestive system* is working properly it can:

- Assimilate more of the nutrients from the foods you eat
- Aids in correct digestion, absorption and elimination
- Increase energy

## How do I take Immune Support?

The droppers are calibrated to 1ml which is equal to about 30 drops. **Adult serving:** Fill the dropper to the 1ml line twice in the morning and twice in the evening. The drops can be taken directly into the mouth or they can be taken in water or juice. **Children** take half the adult serving. Each bottle is formulated to last 1 month for adults and 2 months for children.

Active ingredients: Vitamin A, Vitamin D, Vitamin E, Vitamin C, Bioflavonoids, Zinc, Pantothenic Acid, EDTA, Vitamin B6, Magnesium, Folic Acid, Chromium, Selenium, Vitamin B12, Molybdenum, Oregon Grape Root, Turmeric Root, Red Clover, Guggal, Fenugreek Seed, Fo-ti Root, Noni Root, Burdock Root, Buckthorn Bark, Pau D'Arco, White Willow Bark, Black Currant Leaf, Echinacea, Astragalus Root, Ginger Root, Olive Leaf, Eleuthero Root, Bupleurum Root, Gymnema Herb, Hawthorn Berry, Dandelion Root, Blessed Thistle Herb, Red Beet Root, Fresh Black Walnut Hull, Wormwood Herb, Ashwaganda, Acerola, Fruit

Inactive Ingredients: Vegetable Glycerin, Deionized Water.

Think of **Immune Support** as your **DAILY** supplement. Our bodies are continually using important nutrients and are in need of replenishment. **Immune Support** is designed to be used by **everyone, everyday**. Whether you suffer from a chronic illness or you just want to add a nutritional supplement to your diet, **Immune Support** is the right choice. Even if you feel better after 1 month, we recommend that you continue to take the supplement for a minimum of 3 months although it will be beneficial long after you feel better. For others the process may take much longer, depending on the severity of the condition and the length of time you have been suffering. It is important to note that some conditions will require persistence in the part of the person using the product. **Immune Support** is a good overall support for your body. Below are just some of the symptoms that can benefit from using it:

*Runny nose*

*Congestion*

*Headache*

*Colon support*

*Detoxification*
